## Since 1996 Only for Elevator

1996 ~

- 10' registered as a supplier of elevators to more than 60 builders, including the first-tier builders, such as Daewoo E&C, GSE&C, Daelin Industrial, Kumho Industrial, Doosan E&C, CJ E&C, Hanwha E&C, SK E&C, Gyeong Construction, Yangwoo Construction, Hanjin Heavy Industries, Hanshin Engineering, Seangyong E&C, Ewha Engineering, Hyundai Engineering etc.
- 16' Obtained the Patent of Apparatus And Method For Testing Braking Force
- 07' Started supplying elevator in the Korean market
- 06' Started exporting the full set elevator
- 03' Rope Gripper™ obtained several safety certificates
- 02' Rope Gripper™ localized successfully
- 96' Cooperation with Hollister-Whitney for elevator safety braking device (Rope Gripper™)

## Leap to the Leading Elevator Manufacturer in Korea

2009 ~

- 20' Selected as Excellent Quality Competitiveness Enterprise for 15 consecutive years
- 20' Opened Gyeonggi Pyeongtaek New Branch
- 19' Opened Daejeon and Gyeonggi New Branch Office
- 18' Completed Paju Munsan new factory
- 18' Opened Chungbuk Chungju, Gangbuk 2 New Branch Office (Jeonbuk and 12 others)
- 17' Increased Capital Stock from 1.5 billion won (US\$ 1.36 million) to 5 billion won (US\$ 4.5 million)
- 17' Groundbreaking Ceremony for Paju Munsan Plant
- 16' Selected as Excellent Quality Competitiveness Enterprise for 11 consecutive years (Enlisted into the Hall of Fame)
- 15' Opened Gangdong New Branch Office (6 branches in total)
- 14' Received National Quality Management Convention, Awarded Industrial Achievement Award
- 12' Appointed as a Good Design product (IM/TO-11)
- 11' Opened Jeonbuk (In Jeongeup) Branch office
- 10' Signed Sole Agent contract with 9 countries
- 09' Completed construction of Test Tower for R&D

## Accumulate our capabilities to realize future value

2006 ~

- 18' Selected as Excellent Job Creating Company by Seoul Business Agency
- 17' Received Seoul City Excellent Job Creating Enterprise Letter of Appreciation (Seoul Business Agency)
- 17' Received best Professional construction Award by LH
- 16' Selected KDB Bank Global Star business
- 16' Received Ministry of Employment and Labor's Job Creating Award
- 15' Renewed Technological Innovation Certificate for Small and Middle Businesses (INNO-BIZ)
- 14' Best Job Creator by the Government of Gyeonggi-do Province
- 13' Awarded the 10 Million Dollar Export Tower (Ministry of Trade Industry and Energy)
- 08' Won the 5th New Development Management grand prize (President Award)
- 08' Obtained National Quality Presidents Award
- 06' Won Excellent Venture Business grand prize, Korea Digital Innovation Management grand prize
- 04' Obtained ISO 9001 Certificate
- 04' Obtained ISO 14001 Certificate

# Company History

While we only adhere to the principle of safety, we innovate all.  
Quality! Technology! Service!

There is a reason for trusted elevators.

We are the first company to be selected for 15 consecutive years as 'Excellent Quality Competitive Enterprise' within the same industry at the 'National Quality Management Convention', hosted by the 'Ministry of Trade, Industry and Energy', 'Korean Agency for Technology and Standards' and 'Korean Standards Association'.

Our quality and technology for elevators are highly acclaimed as GYG Elevator became the 2nd domestic company to be enlisted into the 'Quality Hall of Fame' in 2016, such that we received a commemorative award from the government and placed it at the entrance of our factory in Paju.

We had outstanding results as we received the President's Award at the Korea National Quality Team Competition, hosted by the 'Ministry of Trade, Industry and Energy'. Prior to this, we had also received the Most Outstanding Award from the Korea National Quality Team Competition that was hosted in Gyeonggi-do. We are making a concerted effort in R&D and quality innovation in order to keep the level of our technology on par with major global enterprises. In the end, our goal is to repay our customers by manufacturing and supplying a more comfortable and safe elevator.

Previously, Gum Young General received the 'Good Design' award from the 'Korea Institute of Design Promotion'. Incorporating the beautiful lines of Korean traditional Hanok, our design had won wide acclaim and the hearts of our customers. We have been recognized as a professional elevator company by Seoul Metropolitan City since 2014 through events which they host such as 'The Excellent Company Brand of Seoul'.

GYG Elevator also obtained KC certification, Canadian CSA certification, European CE certification, and the world's first Chinese TX certification for the Rope Gripper™. Our technological prowess and quality excellence is recognized worldwide, as we were the world's first company to receive BEEC certification (Japanese Safety Certification) from Japan, which is known to enforce the world's strictest safety standards. We are doing our best night and day for the safety of our passengers and humanity's brighter future.

## While we only uphold the principles of safety, we innovate all! Quality! Technology! Service!

There is a reason behind trusted elevators.

We are the first company to be selected for 15 consecutive years as 'Excellent Quality Competitive Enterprise' within the same industry at the 'National Quality Management Convention', hosted by the 'Ministry of Trade, Industry and Energy', 'Korean Agency for Technology and Standards' and 'Korean Standards Association'.

Our quality and technology for elevators are highly acclaimed as GYG Elevator became the 2nd domestic company to be enstated into the 'Quality Hall of Fame' in 2016, such that we received a commemorative award from the government and placed it at the entrance of our factory in Paju.

We had outstanding results as we received the President's Award at the Korea National Quality Team Competition, hosted by the 'Ministry of Trade, Industry and Energy'. Prior to this, we had also received the Most Outstanding Award from the Korea National Quality Team Competition that was hosted in Gyeonggi-do. We are making a concerted effort in R&D and quality innovation in order to keep the level of our technology on par with major global enterprises. In the end, our goal is to repay our customers by manufacturing and supplying a more comfortable and safe elevator.
